

How to Create your Fresno Pacific University Vidgrid Account

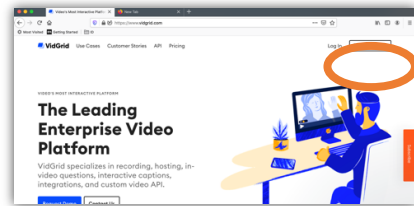

All FPU faculty and students have access to Vidgrid where they can record, upload, edit and organize media files. Faculty Zoom recordings will automatically be transferred to Vidgrid for storage. Activate your account to access those recordings.

To activate your account, you will need to sign into Vidgrid one time using your Office 365 account email and password.

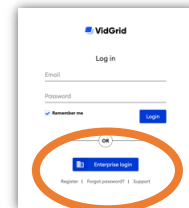

Here are the steps:

1. Open this link <https://www.vidgrid.com>

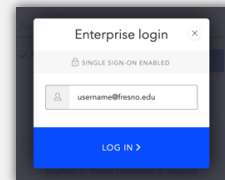

2. Click the Login button on the top right of the page.

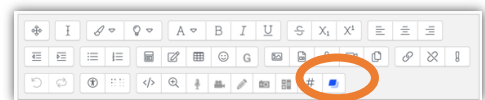

3. Click the blue "Enterprise login" button below the form.

4. Next, type your @fresno.edu or @students.fresno.edu email address for the username and click Log In. You may be asked to enter your email and password again to authenticate to your Office 365 account.

5. Note, you can also open Vidgrid inside of Moodle by clicking on the  icon in the text editor. For more information see the *Inserting Vidgrid Videos inside Moodle* tutorial at <https://use.vg/W8sSKz>.

6. More training is available from inside your account by clicking on the Tutorial link.

For more information or help go to <https://col.fresno.edu/resources/teaching-tools/vidgrid> or contact the Center for Online Learning at col@fresno.edu.
